

# Master Innovation, Technologies Management

| Class of 2019-2020

Association Sorbonne Innovation Technologies

[imt-sorbonne.fr](http://imt-sorbonne.fr)

## **Master Innovation, Technologies Management & Entrepreneurship**

We are a team composed of managers, engineers, jurists, designers, developers, computer scientists and economists. We put our skills together to innovate and create.

Designed like a company, Sorbonne Innovation Technology wants to normalize and improve communication between Universities, Corporate groups and startups. Our association focus on innovation and project management. Sorbonne Entrepreneur therefore supports every company who wants to create strong links with universities and students.
